The Forge

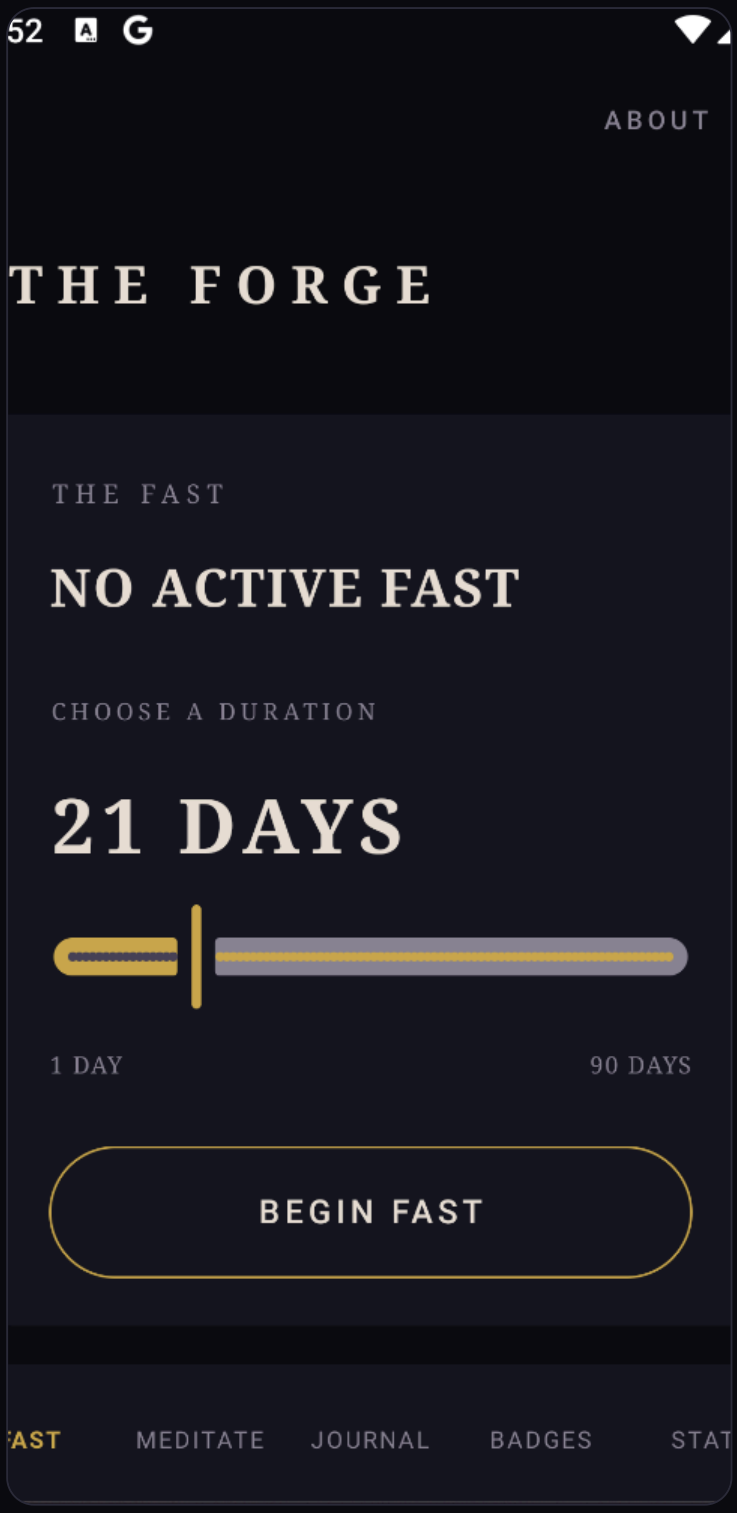

A ritual instrument for multi-day water fasts.

Every fasting app on the store is a wellness product: streaks, confetti, push guilt, weight graphs. **The Forge is the opposite.** People attempting three to thirty day water fasts are doing something dangerous, lonely and meaningful. They do not want encouragement. They want a witness that never lies to them.

THE VOICE

"The hunger before the fast is not hunger. It is the body rehearsing the argument it will make later. Note it. You have not started yet."

Monk-cold, second person. No exclamation marks, no emoji, no encouragement, no shame.

A RESPONSE, VERBATIM

"Break the fast now. This is not weakness. The ledger records that you read your body correctly."

SHOWN BENEATH ALL FOUR DANGER SIGNS

THE VETO LIST — NEVER BUILT

- **No social**, feeds, follower counts or sharing scores
- **No AI chatbot** in the Mirror; it stays authored literature
- **No calorie tracking**, weight graphs or body photos
- **No streak-guilt**, daily-open prompts or dark patterns
- **No ads, subscriptions, accounts or server.** Device-local forever

HOW THE APP KEEPS YOU ALIVE AND HONEST

Four layers, one ledger.

FOREGROUND SERVICE
SURVIVES REBOOT

01 · BEGIN

Choose a duration Begin fast

A slider from one to ninety days. The duration is a target, not a promise.

FAST HOME · STAGE ALARMS

02 · HOLD

Foreground tracker service

A persistent notification with elapsed time, a watchdog worker, and a boot receiver so the record survives a restart.

FASTTRACKERSERVICE

03 · CLOSE

Completed, or broken honestly

A fast held to its target closes with a ceremony. A fast that breaks records a mechanism from a closed set of five — never a failure.

BREAKMECHANISM

04 · KEEP

Encrypted, exportable ledger

Room at rest, an Android Keystore key, an encrypted envelope for export and import. Nothing leaves the device unless you carry it out.

LEDGERBACKUPMANAGER

4

RED FLAGS

Palpitations, fainting, confusion, vomiting. Locked founder copy sits beneath all four, tested so copy edits cannot break it.

5

BREAK MECHANISMS

Hunger, social pressure, poor planning, fatigue, impulse. Closed on purpose, so frequency across the set means something.

72h

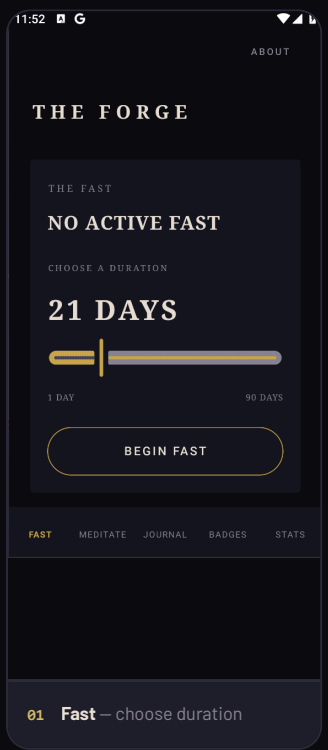

REFEED UNLOCK

Opens once any fast is held three days. Clinical anchors named in code: NICE CG32 (2006), Mehanna, Moledina and Travis (2009).

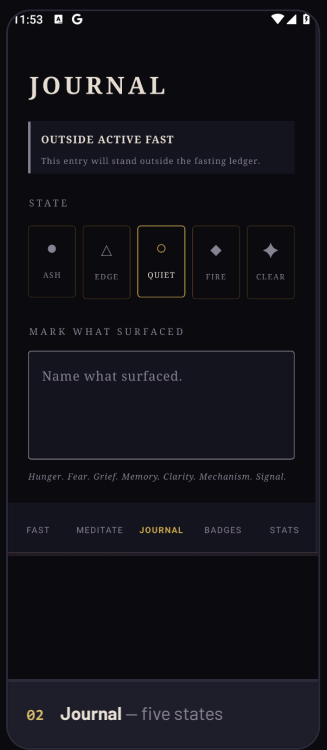

4

ELECTROLYTE BANDS

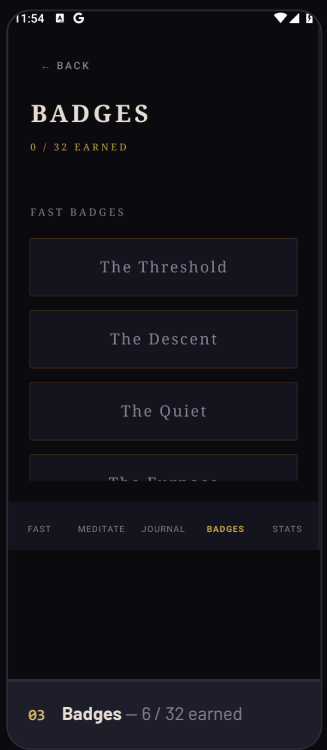

Guidance scaled by day number, past a week read as the equipment of the fast rather than an addition to it.
